Steve:

What is the status of the 2001 cable operator survey? If we are not yet in the field, we need to press Arnold & Porter very hard to get the necessary info -- this would already be the latest start that we've had if I'm not mistaken.

Also, will your time free up after the NFL presentation on the 13th? We are really going to need to begin looking at a range of different data points and finalizing info for several years of CARP data sooner rather than later.

Thanks,

Jim
